

How to make payments to your Visa® credit card & view account information

Now that our credit card conversion is complete you can take advantage of our new capabilities.

The best way to make a credit card payment is by doing a 'Quick Transfer' to your Visa® credit card from your credit union savings or checking account using Online Banking. This type of payment will update your **available credit IMMEDIATELY**. (PLEASE NOTE that the balance shown on the Online Banking Account Access screen will **NOT** be updated immediately after you make your payment; it will take up to 48 hours to update). See below how to get up to the minute information.

Procedure:

Logon to Online Banking, click on 'Account Access'

MIAMI FIREFIGHTERS

Payments from another financial institution

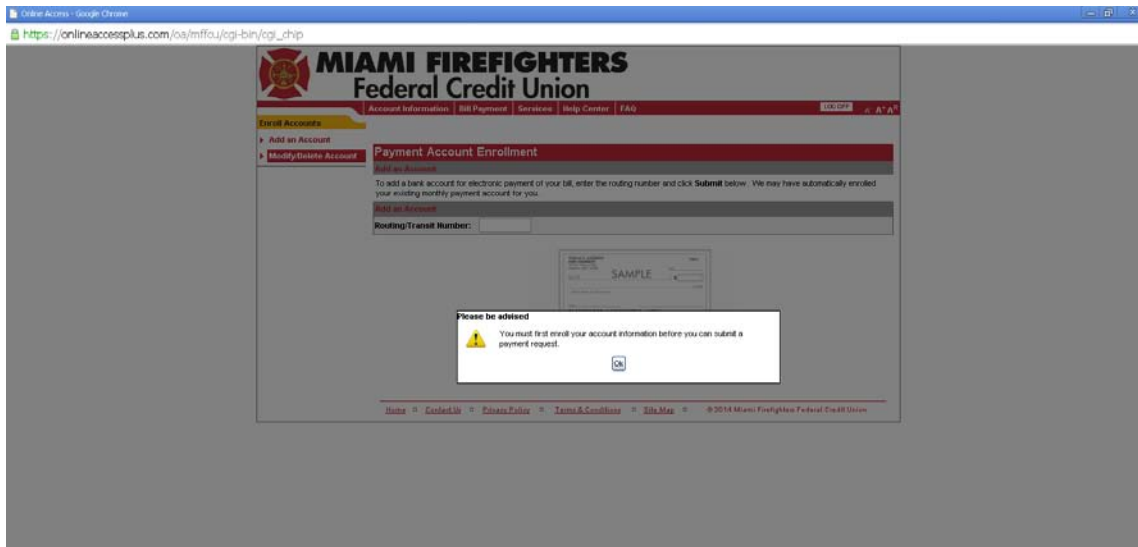

If you make your payments from ANOTHER financial institution you would need to enroll your payment account. This type of payment can take up to a few days to credit your account.

Click on the 'Pay Your Bill Now' link (see below).

If this is the first time you are completing this, you will be asked to add an account to make payments.

A payment made using this method will take 2-3 business days to post to your credit card.

You will be able to stop your paper statements.

Click on 'Account History', you will get an electronic version of your paper statement then click on 'Click here to turn off your paper statements'.
